

CIP-EEI/WW

The registration of the FAU card in SIPORT to open the door for CIP-WW must be requested from the CIP support. The CIP rooms **cannot be used** if the room has been booked. Information about the current booking status can be found in UnivIS (univis.uni-erlangen.de) with “0.157” for CIP-EEI and CIP-WW with “ww”.

- Login in Linux or Windows with your <IDM- identification> and <IDM- password>. (Source <https://www.idm.fau.de/>)
- Students of the courses: “*Elektrotechnik-Elektronik-Informationstechnik (EEI), Energietechnik, Informations- und Kommunikationstechnik (IuK), Mechatronik, Medizintechnik, Wirtschaftsingenieurwesen, Fachrichtung IKS (WIng-IKS Bachelor), Communications and Multimedia Engineering (CME), Advanced Signal Processing and Communications Engineering (ASC), Master Programme in Advanced Optical Technologies (MAOT), Material und Werkstofftechnik (MWT / WW), Nanotechnik, Advanced Materials and Processes (MAP)*” automatically have authorization for the computers and programs.
- If you study “*WIng-IKS Master*”, you have to be activated manually via the CIP support for technical reasons.
- External users can have temporary and limited access. Activation must be applied for via the “Regionales Rechenzentrum Erlangen Erlangen” (RRZE) or via the CIP support, both with at least 4 weeks' lead time.
- **On weekends and public holidays, access is prohibited by law without prior permission.**
- Both rooms (EEI and WW) are open Monday to Friday from 7:00 am to 8:00 pm. Closed on public holidays. During the lecture period, the door of CIP-EEI can be opened without an access card. Outside of these times, CIP-EEI and CIP-WW can only be accessed with a specially activated FAU card.

Room responsibility:

„Geschäftsstelle Department EEI“, Room 01.039, Cauerstr. 7, 91058 Erlangen
